CAREER OBJECTIVE

I'm an ambitious, driven, and passionate person. Graduated Magna Cum Laude from Quezon City University with a degree in Bachelor of Science in Information Technology and currently pursuing real-world experience to develop acquired skills. Offering a strong understanding of Software Programming/Design & Development and basic knowledge in Networking while eager to learn new processes, programs, and procedures quickly to maximize contributions to the user, team, and business success.

CORE QUALIFICATIONS

- ✓ **Programming:** Deliver high-quality system software in accordance with the client's requirements by leveraging the optimum tech stack.
- ✓ **Administrative:** Senior Developer/Programmer and co-handled the Technical Writing of our team during Capstone Project and Research (Thesis).
- ✓ **Problem Solving:** Contributed to the improvement of our client's business by implementing an appointments and management system that significantly enhanced our client's management and process flow to its stakeholders
